The Department of Structural Biology at the Weizmann Institute of Science, Israel, is soliciting applications for a tenure-track or tenured faculty position in the general field of Structural Biology. Exceptional candidates are sought in all areas of Structural Biology, including (but not limited to) advanced imaging technologies, NMR, X-ray crystallography and structure-function studies of biopolymers.

Candidates are expected to currently have or to develop an internationally recognized program. Considerable institutional resources are available for the support of the successful applicant’s research program and a competitive start-up package can be expected.

Applications including a cover letter, a resumé and a list of publications, as well as a statement of current and future research interests should be sent to Sarah Amzallag Sarah.amzallag@weizmann.ac.il by October 1st, 2014.

The Weizmann Institute of Science is one of the world’s leading multidisciplinary research institutions. More information on the Department of Structural Biology is available at http://wws.weizmann.ac.il/Structural_Biology/

Your help in passing on this advertisement to interested colleagues is very much appreciated.

Thank you very much,

Ron Diskin, Ph.D.
